Born in New Jersey, USA, I moved to India when I was 10. Growing up in two unique countries gave me the opportunity to experience multicultural backgrounds and the intersection of two cultures. I am very passionate about finance, community service, and snookers. I started Project Swastha in 2021, which provides free medical healthcare for the underprivileged, impacting over 7500 lives. I am a national/international level pool/snooker player representing Telangana and India in many tournaments. In my free time, I enjoy playing sports as well as spending time with my friends and family.
